

STYLE & SHADE YOUR OUTDOOR LIVING AREA

Lakeland   
Awnings

# A versatile weather solution

Create your perfect outdoor space.

Combining beautiful design and functionality, the Lakeland range of awnings has been designed and developed to provide a versatile weather solution, whatever the application.

Whether you want to make the most of your garden or patio at home, or provide shelter for your customers whilst they dine outside your restaurant – our versatile range of awnings are the perfect choice.

# Lakeland Awnings

Ideal for a variety of situations and applications.

Designed and manufactured in the UK, our range of retractable awnings are suitable for a variety of applications.

Built to the highest standard and with a wide choice of fabrics, our awnings are designed to perfectly complement your business and lifestyle. Full peace of mind is guaranteed with all Lakeland products being CE approved and load tested for wind and water. Lakeland motorised awnings include a motor which is covered by a comprehensive five year manufacturers guarantee.

## Extend the days and seasons

Increase the length of time that you are able to stay outdoors with one of our retractable awnings. Then extend that even further with accessories such as lighting and heating to help keep you comfortable outside for longer, no matter what the weather throughout the year, day or night.

Sun and wind sensors allow you to automatically make the most of your awning, ensuring your special place stays just as you need it without you having to give it a second thought.

## Key Features:

- Awnings for the home
- A garden shading solution
- Sun awnings for schools and playgrounds
- Commercial awnings and covers for pubs, cafés, shops and restaurants
- Manufactured in the UK
- Wind and water load tested

Beautifully designed to suit your needs

# At home

Create the ideal outdoor space for your family.

Make the most of outdoor living with a stylish awning offering shade and shelter from the sun. Available in a variety of designs and fabrics, you can choose an awning that complements your home perfectly.

Retractable patio awnings not only provide shade from the sun but also add a distinct look to your home's exterior. With motorised awnings creating an unobstructed shaded area, they are the ultimate in convenience, with classic simplicity and beauty.

The Lakeland Awnings collection consists of a variety of models covering a range of prices allowing you to choose the model best suited to your home and budget. With a Lakeland Awning, your outdoor space becomes an extension of the indoors.

Children can play safely with protection from the sun's harmful rays, you can enjoy entertaining in a cool shaded area that will be the talk of the party or simply enjoy sitting back and having a relaxing moment or two to yourself while the world goes on around you.

## 5 year guarantee

All Lakeland Awnings motors are covered by a comprehensive 5 year guarantee. Lakeland Awnings are extensively tested to comply with EN standard 13561:2008. Installation is quick and easy, taking a matter of hours and will be carried out by a trained and approved installer.

### Key Features:

- Bring the indoors outdoors
- Provides a safe environment for children to play
- Relax and enjoy the great outdoors
- Stylish addition to any home
- Sun protection at the touch of a button

*"We want our outdoor space to be useable for longer."*

## Retail

Extend your reach with a Lakeland Awning.

The high street is packed with shops trying to grab the attention of busy shoppers. Make sure you stand out from the crowd with a Lakeland Awning. Available with a choice of high quality fabrics and with the option of custom printing and colours, we're confident that you'll find a Lakeland Awning which matches and enhances your brand. Our awnings are available with high performance PVC fabrics which are ideal for commercial use.

Not only does a Lakeland Awning provide an attractive façade for your window display, you can also be safe in the knowledge that any products displayed will be protected from the sun. Fresh produce remains cool and looks enticing, fabrics can be placed into a window without fear of fading and with sun protection at your window, your premises is a more comfortable place to work and shop on the inside too.

For retailers lucky enough to have outdoor space, a Lakeland Awning gives you a great opportunity to bring the indoors outdoors. Allowing customers to browse as they pass by, gives you a unique opportunity to take advantage of impulse buys and means every passer by becomes a potential customer as they happily take in your products as they pass by.

### Key Features:

- Showcase your products
- Make a statement with an awning promoting your business with our printed options
- Allows for easy use of outdoor space
- Protect window displays from the sun
- Create a cool and comfortable ambience inside and out

*"We want to stand out from the crowd."*

Enjoy dining alfresco style

## Bars and Restaurants

Create the perfect place to eat, drink and relax.

A shading solution from Lakeland Awnings can help you to create the perfect outside space. Built to last, our range of awnings will enable you to turn unused outside areas into pleasant, profitable spaces. With a wide choice of fabrics and the opportunity for special printing with your company colours and logo, you'll be sure to find a solution for your outside area, whilst creating an eye catching advertising space.

Protect your customers from the sun and maximise the earnings potential of your premises by bringing your indoor offering outdoors. Not many people can resist the opportunity to let someone else look after them for a while as they relax and watch the world go by. Create the perfect ambience for enjoyment outside under a Lakeland Awning.

### Make the outdoors your feature

From coffee at sunrise to cocktails at sunset extend the length of time you are able to make use of your outdoor space with a retractable awning. The possibilities for using the space are endless. Accessories such as lighting and heaters allow you to extend the time your outdoor space is used even further.

Making use of extra space means creating those all important extra covers, but without the outlay of a refurbishment and extra covers means extra profit. Not forgetting customers making a beeline for your premises to enjoy alfresco dining on those sunny days.

### Key Features:

- Accessories and sensors to make the most of the weather
- Lets customers enjoy eating and drinking alfresco
- Extra covers
- Opportunities from sunrise to sunset
- Branded with your corporate colours and logo

*"Make a profit on outdoor space."*

## Schools and Play Groups

Making outdoor play and learning safer on younger skin.

Turn outside areas into pleasant places to sit, play and learn with intelligent retractable awnings. Making the most of outdoor play and learning in a safe environment is second nature at Lakeland Awnings. Our tried and tested shading solutions have undergone numerous tests to ensure they offer maximum protection for younger skin.

A shading solution from Lakeland Awnings will create limitless opportunities for learning and play around the school grounds. The sun's rays can be deceptive as even on overcast days UV rays can have harmful effects on the skin. Lakeland Awnings shading solutions will provide you with peace of mind that children's skin is continually protected, allowing you to concentrate on developing outdoor activities for learning and fun.

This sun awning technology is perfect to help protect the children in their outdoor play whatever the time of year and weather. The sun sensor is a particular advantage as it will adjust the retractable awning offering protection from the summer sun. Alternatively on a cold winters day there is the heating element of this package that will keep the children warm under the awning.

### Key Features:

- Encourage outdoor play
- Protect young skin from the harmful effects of the sun
- A stylish and practical addition to the playground
- Sun and wind sensors allow for automated shading at the touch of a button

*"This is not only a valuable asset to the school but has opened up so many opportunities to the children to explore education outside the classroom."*

# Options and Accessories

Choose from our range of accessories to make sure you get the most from your awning.

Don't let those cool, autumn evenings get in the way of enjoying your awning at night...

## Patio Heaters

It doesn't matter if it's on the chilly side – simply turn on the heater and make the most of the great outdoors.

## Lighting

Eat outside even when it gets dark... just use your remote to activate the awning light bar.

Enjoy after dark

## Somfy Sun & Wind Sensors (available in RTS and IO)

The Eolis 3D WireFree Sensor battery powered wind sensor detects vibrations from high winds and automatically retracts your patio awning to protect the fabric, mechanism and your property.

### Sun & Wind Sensors

The Sunis Sensor RTS is a solar powered autonomous sun sensor that automatically controls your Somfy RTS powered awning, providing automatic sun protection.

The Soliris Sensor RTS is a mains powered sensor that extends or retracts your awning as the sun come out or goes in, with priority to retracting them when wind speeds exceed a preset value, preventing wind damage (such as the fabric ripping) in strong winds.

## Wireless Handsets

Specially designed hand transmitters designed to let you control your awning and additional remote control accessories:

- The Situo 1 remote is a wireless, single channel handset that has a push button operation. This handset is battery operated.
- The Situo 5 Remote is a wireless, battery-operated handset which allows you to control both your awning and lights from the same remote. This handset is push button operation.
- The Smoove Origin Control is situated directly on the wall and is push button operated. This control is battery operated and is easy to use.

# Fabrics and Finishes

## Create the perfect look for your awning.

The design of your awning can really transform the look and feel of your outside space and so it's important to take time choosing from our stunning range of fabrics.

When choosing from the extensive range of fabrics you should consider the atmosphere you wish to create with your new sun awning. Patio canopies in yellow and orange tones create a warming environment whereas blue and greens will set a cooling, calming tone. Choose from plain colours, block stripes and special designs to create the perfect look. For commercial applications ask about our specialist printing services to create an eye catching advertisement for your premises.

## Even more choice

# IRISUN®

With many more fabric designs available, make sure you ask your distributor for a fabric swatch book to see the full range of fabric styles, colours and patterns on offer.

## Quality assurance

All our motorised awnings are fitted with a motor as standard which comes with a comprehensive five year manufacturers warranty. Lakeland Awnings are protected with a two year guarantee to ensure your Lakeland product provides years of protection and enjoyment.

## Stunning Fabrics

100s of fabrics to choose from

We have chosen the Irisun range of fabrics, which are woven from 100% dyed-in-the-mass acrylic fibres, giving exceptional colour fastness against strong sunlight and weather. The fabric is also treated, ensuring complete resistance to water, dirt, oil, grease, algae and mould. This all simply means that the fabric of your awning will be more resistant to fading and deterioration.

## Important Notes on Colour

The printing process does not allow exact reproduction of the paint and fabric colours. If you are unsure of your colour choice please ask your supplier for a sample. Colour references quoted are the nearest standard RAL or BS references to the colours used. They will not be an exact match and are intended as a guide only.

# IRISUN

## Acrylic Fabrics

IRISUN fabrics are created to the highest quality and design.

### Care and cleaning

Remove heavy dirt with running water. Use a soft cloth or brush to clean the awning fabric, avoid strong rubbing. To remove mold, use white vinegar then rinse several times with water. Do not use aggressive detergents, alkaline or acid substances, oxidizers like hypochlorite or hydrogen peroxide. Let the awning dry well before rolling up.

### Important Notes on Colour

The printing process does not allow exact reproduction of the paint and fabric colours. If you are unsure of your colour choice please ask your supplier for a sample. Colour references quoted are the nearest standard RAL or BS references to the colours used. They will not be an exact match and are intended as a guide only.
